

# Super Energy, Live Source CoQ-10H

Maximum Energy Support for the Whole Family\*

## CoQ-Quinol™

A Quantaceutical™ Dietary Supplement

### Key Benefits

- No amount of ordinary CoQ-10 can compare to the benefits of living-source CoQ-Quinol™
- The world's *one and only* probiotic-generated source of fully reduced (*unoxidized*) CoQ-10, known as ubiquinol, immediately available for maximum cell energy support\*
- Derived from living, natural sources (*not synthetic, oxidized CoQ-10; no animal-source gelcaps nor their synthetic preservatives*)
- Targets a broad spectrum of the body's organs and glands, including the heart, brain, kidneys, nervous system and immune system\*
- Supports the body's key intracellular energy system (via the mitochondria), making this product highly popular for those with aging brain concerns\*

*The World's First and Only Probiotic-Generated CoQ-10H: Maximum Immune, Heart, Nerve, Brain and Anti-Aging Support\**

*"Bioenergetic testing of CoQ-Quinol™ showed that it dramatically **outperformed common forms of CoQ-10**, even reduced forms, when tested at TW-20, the most sensitive point for cell energy on the body. Experience the difference for yourself."*

### The Quantum Nutrient Effect

When quantum-state quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect is far greater than the sum of their individual benefits: The Quantum Nutrient Effect. A **quantaceutical™** is a nutraceutical supplement that delivers the Quantum Nutrient Effect to support optimal health.

### Ideal Cellular Resonance

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. Only nutrients from "once living" sources can sustain the ideal resonant frequency of your body's cells.

### Quantum-State Nutrients Without the Risk

- No magnesium stearate, *a toxic oil proven to suppress the immune system*
- No animal glandulars *with toxic tag-alongs and animal death hormones*
- No tablets *with toxic tag-along binders and fillers*
- No excipients - *highly questionable (often toxic) fillers and binders, called excipients, are commonly added to nutritional products*

# A Revolutionary Breakthrough: Stabilized, High Energy CoQ-10H

No amount of ordinary CoQ-10 (which is oxidized ubiquinone) can equal the effects of even one dose of CoQ-Quinol™, which is fully reduced ubiquinol (75 mg. per tsp.), a stabilized form of high-energy, CoQ-10 (ubiquinol) - never before available.

This new form of CoQ-10 called CoQ-Quinol™, has been produced by our revolutionary patent-pending nanization process that brings normally unstable Super Nutrients to a stable, yet super biologically available form via a proprietary, probiotic fermentation process (called “nanization”).

## What can CoQ-Quinol™ do that ordinary CoQ-10 cannot?

CoQ-Quinol™ can significantly help support cells that are in a low-energy tailspin, or when their energy level has dropped below their ability to break the downward spiral using outdated forms of CoQ-10 (ubiquinone).\*

This means that CoQ-Quinol™ can be a major player (where common CoQ-10 could not help) to overcome low cell energy often seen in runaway neurotransmitter hyperactivity and unchecked free radical production.\* CoQ-Quinol™ can also help support cellular cleansing.

## Superior Benefits

If you have read about or received beneficial results using ordinary CoQ-10, then you'll love receiving the superior benefits of CoQ-Quinol™ even more. CoQ-Quinol™ can provide immediate results (often felt in seconds!) as well as substantial, long-term benefits for the immune system, heart and circulation, healthy blood pressure already within the normal range, nervous system, brain function, anti-aging, spectacular energy and detoxification.\*

## How is CoQ-Quinol™ made?

CoQ-Quinol™ is made using a unique, proprietary, patent-pending nanization process whereby selected nutrients undergo a specialized probiotic fermentation yielding a reliable source of stabilized, high-energy ubiquinol as well as a spectacular array of highly bioavailable probiotic complexes – no fractionated, synthetic, artificial or pesticided ingredients.

## The Age of Super Nutrients

Step into the age of high energy, living-source Super Nutrients – based on the research and discoveries of applied quantum physics in revealing the underlying nature of the quantum domain of life, specifically, the human biofield and its preferred requirement for high-energy, living-source nutrients that deliver the fastest recovery of ideal cell resonance for better health and unmatched long-term benefits.\*
